

POINTERS TO PREVENT GETTING SCAMMED

1 THINK

Stop and think if something feels unusual. You do not have to follow anybody's directions at any point of time

2 CONNECT THE DOTS

Sometimes, you just have to connect the dots to figure out if you are in the midst of a scam. Think about the activities around you and try to form a image of the whole thing

3

DO NOT FOLLOW DIRECTIONS

sometimes, we follow directions strangely from unknown sources. Do not fall prey to such calls and give the bank's OTP, password, bank account number, credit card number and more

4 DO NOT TRANSFER MONEY

Do not transfer money to anybody through any means under any circumstances.

5

INSTALL CALLERID APPS

Installing Caller ID apps like TrueCaller will greatly reduce spam and mischievous calls. It is always good to cross verify any information that is asked on the phone

6

REPORT

In case you are the victim of any kind of mischievous scam, seek correct redressal and report all problems instantly to the correct agencies immediately
